- Gentle on the skin
- Leaves a pleasant fragrance
- Skin left feeling soft and warm
- Formulated with eco cosmetic chemistry.
- Made with natural ingredients from renewable sources
- Cost effective

*EcoZyme*  
ENZYMES CC

### Recommended Use

Take up a scraping of Eco Grit Hand Cleaner into the hands and massage slowly over the skin to loosen and remove unwanted grease and dirt. Once the hands are clean of greases, rinse off with warm water, to leave your hands feeling clean and pleasantly tactile. Dry the hands using a soft towel or beneath an automatic hand dryer.

### Recommended Applications

- Workshops
- Garages
- Mines
- Industrial
- Home
